

Join us in support of the JA Career Accelerator Program!

The **JA Career Accelerator Program** equips young people with the skills and experience needed to launch their careers. Students gain hands-on, real-world experience during their first work placement.

The program includes **partner-led workshops** designed to build essential, transferable skills. By the end of the program, students will have identified career pathways, built professional networks, and developed the confidence to apply, interview for, and secure entry-level positions.

By partnering with JA, your company will have access to a diverse and vetted pool of candidates, prepared to contribute to your organization. Our program offers you the opportunity to foster the next generation of employees while building a talent pipeline tailored to your needs.

I have worked with Junior Achievement for several years and not only has it been an outstanding resource for what I do in College/ Career Education. I attest that JA would be a great opportunity for all students. I currently have volunteer professionals as guest speakers for my classes. This offers the students the opportunity to be introduced outside instructors which helps the students to expand their perspective beyond the regular classroom curriculum.

— Ed Sullivan, Educator from
Abraham Lincoln High School

Bring your company's niche experience to our JA Career Accelerator Program participants by getting involved in any or all the options below and support our future generation of leaders!

- ✓ Volunteer to offer a workshop, networking event, or mock interview session.
- ✓ Host a Job Shadow.
- ✓ Host students for a work-based learning opportunity in the Summer.
- ✓ Sponsor students for a work-based learning opportunity.

We continue to work with our partners to support and place JA students in paid work-based learning opportunities. Thank you to the following partners for supporting the development of our youth!

Support the JA Career Accelerator Program!

\$1,000

SUPPORTER

Opportunity to host one or more in-person workshops during the JA Career Accelerator Program.

\$2,500

CHAMPION

Professional engagement with our JA students
 1. Host a Job Shadow
 2. Support Mock Interviews.

\$5,000

VISIONARY

Make an impact with JA students:
 1. Sponsor 2 students
 2. Host 2 students for a work based learning experience.

As a microbiology major, I hope to embark on a journey to becoming a pediatrician upon graduating from UC Davis. Thanks to Junior Achievement, I have received exposure to a wide variety of volunteers with stories and perspectives and education on financial literacy, entrepreneurship, and work readiness, enabling me to be better prepared for such a future.

Thank you again for your endless support and generosity allowing me to focus more on not only higher education but also thriving communities. I hope one day I will be able to help high school students take charge of their tomorrows just as Junior Achievement has helped me take charge of mine.

— Angelina Ong, JA Alum
